Christie, checking back in on this. We'd love the EPA's perspective.

Hi there. I'm in communication with a member of the Animas Stakeholders Group, Peter Butler. He says the EPA did not consult with the group about Gold King and that, in general, this has been a trend when the agency works on mines that the group has a lot of expertise on. May I please get the agency's response? We're radio-- so

a voice would be lovely :)
